1. Examiner has reviewed and considered Applicant's comments as indicated on page 17 – 26 of Applicants response dated (06/10/2008), and after a further review and based on current amendments, Examiner is hereby placing claims 1 – 18, 20 – 35, 37 – 52, 54 – 69, 71 – 100, and 102 – 106 in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least:

"...determining a functionality for a unit of code;  
determining an environment configuration suitable for executing said unit of code; generating a file name corresponding to said functionality for said unit of code; searching said organizational structure to find a constituent member corresponding to said environment configuration that has been determined to be suitable for executing said unit code; and  
generating said unit code if said file name is not found in said constituent member..." , as recited in claim 23 and as best illustrated by FIG. 2, and in such a manner as recited in independent claims 1, 18, 35, 52, 69, 74, 87 and 100 and as pointed out in Applicant's arguments of (06/10/2008).

Therefore, all remaining claims 1 – 18, 20 – 35, 37 – 52, 54 – 69, 71 – 100, and 102 – 106 are in condition for allowance.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
